

REDUCE YOUR “PAYT” COSTS

YOU CAN SIGNIFIGANTLY REDUCE YOUR DISPOSAL COSTS BY RECYCLING YOUR PLASTICS, GLASS, METAL FOOD CONTAINERS, MIXED PAPER, CORRUGATED CARDBOARD, USED MOTOR OIL, LEAVES & GRASS, AND CLOTHING. BELOW ARE DESCRIPTIONS OF THE MATERIALS AND HOW TO RECYCLE THEM.

1. #1 Plastic: (ex. Poland Springs water bottles) Remove caps and place in container labeled #1 PLASTIC ONLY.

#2 Plastic (colored ex. Laundry detergent container. & clear ex. Milk container). Remove caps and place in appropriate labeled bin. Look at bottom of container for recycle number. If it does not say 1 or 2 it can not be recycled at this time.

2. Glass (clear, green & brown) Ex. Wine bottles, pickle jars, baby food jars. There are three shopping carts labeled for glass. Place each color in the appropriate cart. *(Glass plates, light bulbs, window glass are examples of unacceptable glass)* Basically only food or beverage containers are allowable. Remove any metal or plastic lids.

3. Mixed Paper-All grades of paper are recyclable in our Mixed Paper compactor. The rule is if you can rip it its recyclable. Paper must not be contaminated with food or grease. At this time corrugated cardboard is placed with the mixed paper. *In the near future a second compactor will be available for corrugated cardboard only. Please separate the corrugated from mixed paper when this compactor is available.*

4. Metal Food Cans- All metal food containers are recyclable. There is a 40 yard dumpster with stairs available for these containers. Please clean and flatten. *Aerosol cans, tin pie plates, and foils are not recyclable.*

5. Leaves & Grass-Leaves & grass are recyclable in the 30 yard open container. These items must be either dumped from containers or in biodegradable bags. *No woody materials or brush allowed.* Finished compost is available to sticker holders. You may take up to three yards away in your own containers.

6. Used Motor Oil-Used motor oil MUST be given to the Transfer Station Monitor or Attendant. All containers must be labeled with name and address and are not returnable to owner. Transmission fluid, brake fluid, hydraulic oil, and gear oil are also acceptable. *Contaminated oils and anti freeze are not acceptable.* No large quantities (over 5 gallons) will be accepted from any resident or business.

7. Clothing-Any cloth material is allowed. Please place in the St Vincent de Paul bin. Even ripped clothing is accepted.

******Following these simple instructions will greatly reduce your disposable waste and help insure the efficient processing of recyclable materials. Deposit cans and bottles are accepted and all proceeds from their redemption goes to either the Animal Shelter or the parks & Recreation Dept. *****
